HALF-YEAR FINANCIAL REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2022

Directors' Report

The directors present their report together with the financial report of Cobram Estate Olives Limited and Controlled Entities (the Group) for the half-year ended 31 December 2022.

Directors

Review of operating results

For the half year to 31 December 2022, the Group reported a loss after tax of \$9.9 million (1HFY22: \$5.2 million loss), and a pre tax loss of \$11.9 million (1HFY22: \$6.1 million loss)

On an EBITDA level, the Group reported an EBITDA profit of \$0.7 million (1HFY22: \$4.8 million profit). The lower result in 1HFY23 (versus 1HFY22) is a result of higher brand marketing spend in the first half of FY2023 reflecting a return to more normal levels of marketing investment post COVID-19, lower margins in the USA in the first three months of the period (prior to the benefits of price increases flowing through), and lower margins in Australia due to the higher percentage of lower-priced Red Island® sales in the Group's overall product mix. During the period the Group also provisioned for an additional \$1.5 million in slow moving Wellgrove® stock. The majority of the Wellgrove® stock is either provided for or expected to be sold over the next six months.

The Group generated operating cashflow before interest and tax of \$10.8 million in 1HFY23 (\$18.2 million 1HFY22). Stronger cash flow is anticipated in the second half as the Group realises the benefits of recent price increases and increasing sales.

Costs have stabilised across the Group, with the cost of several key inputs including water in Australia lower versus 1HFY22. The impact of lower direct costs relating to growing the 2023 crop are not reflected in the profit and loss as at 31 December 2022. These will be reflected when the crop is valued at 30 June 2023.

^{*}Paul Riordan resigned from the board on 28 October 2022.

^{**}Toni Brendish was appointed on 23 January 2023.

Review of operating results (...continued)

CBO delivered strong olive oil sales results in 1HFY2023, with Australian packaged good sales up 6.3%, totalling \$50.8 million (1HFY22: \$47.8 million), driven by improved Red Island® performance. CBO's branded sales strategy displayed the benefits of two brands at differing price points. The Group discounted Cobram Estate® less during the half, whereas Red Island® was sold more on promotion. The result was improving premium for Cobram Estate® whist improving sales volume for Red Island® thereby appealing to more consumers.

USA packaged good sales returned to growth supported by an increase in Californian olive oil availability, with reported packaged goods sales of A\$10.1 million, up 6.2% versus the prior period (1HFY22: \$9.5 million). The branded Cobram Estate® USA sales increased by 70.8% during the period to \$7.8 million (1HFY22 \$4.6 million), with further growth forecast for the second half.

Crop projections for the upcoming 2023 Australian olive harvest confirm a significantly higher yielding olive crop when compared with FY2022, subject to the risks associated with farming. The Group's Californian olive harvest completed in November 2022 was in line with expectations, yielding 1.69m litres of olive oil. A record 2023 crop in California is expected as it is a higher yielding crop year.

The Group continued to invest in capital projects, with capital expenditure during the period of \$26.1 million (1HFY22 \$18.5 million), aimed at driving growth.

Non-IFRS Financial Information

Earnings before interest, tax, depreciation, and amortisation (EBITDA) and Earnings before interest and tax (EBIT) are non-IFRS financial measures. Non-IFRS measures are used internally by management to assess operating performance of the Group. The non-IFRS measures have not been subject to audit or review.

HALF-YEAR FINANCIAL REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2022

Directors' Report (continued)

Dividends paid, recommended and declared

The Group paid a dividend to Shareholders of A\$0.033 per share on 7 December 2022, the dividend was 70% franked and the Company offered a Dividend Reinvestment Plan (DRP) resulting in 1,272,685 new shares issued at \$1.52 per share.

Auditor's independence declaration

The auditor's independence declaration is included on page 5 of the half-year report.

Rounding

The company is a company of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

Subsequent Events

There have been no matters or circumstances occurring subsequent to the end of the Half-year ended 31 December 2022, that have significantly affected, or may significantly affect the operations of the Group, the results of these operations, or the state of affairs of the Group in future financial periods.

Signed in accordance with a resolution of directors made pursuant to s.306(3) of the *Corporations Act* 2001.

HALF-YEAR FINANCIAL REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2022

Notes to the condensed consolidated financial statements

1. Significant accounting policies

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

Basis of preparation

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The company is a company of the kind referred to in ASIC Corporations (*Rounding in Financial/Directors' Reports*) *Instrument 2016/191*, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's annual financial report for the year ended 30 June 2022, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Amendments to Accounting Standards that are mandatorily effective for the current reporting period

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year. New and revised Standards and amendments thereof and Interpretations effective for the current half-year are as follows:

Standard/Interpretation	Effective for annual reporting periods beginning on or after
AASB 2020-3 Amendments to Australian Accounting Standards – Annual	1 January 2022
Improvements 2018-2020 and Other Amendments	r danidary 2022
AASB 2021-7 Amendments to Australian Accounting Standards – Effective	1 January 2022
Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections	•

The impact of the above pronouncements did not have a material impact on the amounts reported in the financial statements or disclosures made other than as summarised below

1. Significant accounting policies (...continued)

Amendments to Accounting Standards that are mandatorily effective for future reporting period

1(a) AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments

Property, Plant and Equipment - Proceeds before Intended Use

Early adopted in the financial statements for the year ended 30 June 2022

The amendments to AASB 116 Property, Plant and Equipment prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, the proceeds from selling such items, and the cost of producing those items, is recognised in profit or loss. The amendments also clarify the meaning of 'testing whether an asset is functioning properly'. AASB 116 now specifies this as assessing whether the technical and physical performance of the asset is such that it is capable of being used in the production or supply of goods or services.

The amendments were early adopted in the financial statements for the year ended 30 June 2022 and applied retrospectively, but only to items of property, plant and equipment that were brought to the location and condition necessary for them to be capable of operating in the manner intended by management or on or after the beginning of the earliest period presented in the financial statements in which the Company first applied the amendments.

The impact of retrospectively applying the amendments were summarised and recorded in the financial statements for the year ended 30 June 2022. The impact on these interim financial statements as a result of the early adoption in the year ended 30 June 2022 was to increase opening retained earnings in the comparative balance sheet by \$2,577,000.

1(b) Restatement of deferred tax asset and retained earnings

As disclosed in the financial statements for the year ended 30 June 2022, the Group previously recognised a deferred tax asset of \$2,504,000 in respect of a temporary difference which was not available. As the temporary difference pre-dated the earliest comparative period in these financial statements (i.e. prior to 1 July 2021), the comparative figures have been restated by decreasing retained earnings as at 1 July 2021 by \$2,504,000.

The adjustment was a non-cash adjustment and did not impact previously reported remuneration, covenants or other reporting metrics.

2. Segment reporting

Segment products and locations

The segment reporting reflects the way information is reported internally to the Joint Chief Executive Officers for the purpose of resource allocation and assessment of segment performance.

The Group has the following business segments:

- Australia production and marketing of olive oil
- · United States of America (USA) production and marketing of olive oil
- Innovation and sale of value-add products, including the sale of the Wellgrove branded product (Boundary Bend Wellness).

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 1. EBITDA is reported by each segment. Depreciation, amortisation and finance costs are not reported by segment, and are shown at a Group level. This is the measure reported to the Group's Joint-CEO's for the purpose of resource allocation and assessment of segment performance.

The revenue reported below represents revenue generated from external customers. Total segment revenue includes inter-group sales which are eliminated below.

All assets are allocated to reportable segments other than current and deferred tax assets. Assets used jointly by reportable segments are allocated on the basis of the revenues earned by individual reportable segments; and all liabilities are allocated to reportable segments other than borrowings and deferred tax liabilities. Liabilities for which reportable segments are jointly liable are allocated in proportion to segment assets.

The segment information provided to the Joint Chief Executive Officers is referenced in the following table:

Independent Auditor's Review Report to the Members of Cobram Estate Olives Limited

Conclusion

We have reviewed the half-year financial report of Cobram Estate Olives Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2022, and the condensed consolidated statement of profit and loss, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on page 21.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Deloitte.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
